Dear Sirs,

I extend our congratulations for your participation and support in the realization of a very nice construction for Mercedes-Benz's & Setra on the 600 s.q.m. in Paris at the UTP Expo between June 8th & 10th, & on the 1100 s.q.m. in Nice at the Autocar Expo between October 20th & 23th.

We really appreciate as usually your availability and your capacity to help us for this kind of complicated booth to build.

Yours sincerely,

M. Bertrand Descombes
